

## TCM Forklift Part

TCM Forklift Part - Forklift trucks are an important player in the material handling field of every international industry. Transporting industrial goods occurs each and every day on our hectic world. First innovated as industrial vehicles during the 1930s in the United States of America, lift trucks gained recognition following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread worldwide.

In the year 1949, founded by Mr. N. Niwa, the original Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply referred to as TCM Corporation. Throughout the years, TCM lift trucks have become a worldwide leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes many models of industrial trucks with over 50 years of accumulated technology and expertise, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and intends to become a world-class leading company.
