

Rockwell Parts

Rockwell Parts - AxleTech International is a leading dealer in the world of specialty vehicle drive-train systems and components along with off highway vehicles. The company prides itself on being its customers' chosen supplier. AxleTech strives to exceed and meet their clients' expectations for technology, delivery, quality and service. They believe in working within an atmosphere that encourages the utmost integrity with empowered collaboration, together with a unrelenting pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The business has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any comments or questions, as they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely committed to improving and preserving the environment. AxleTech has an EHS program that not only protects the natural environment but which even actively protects their neighbors and employees too.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in manufacturing and designing planetary axles used for both military and commercial applications. These applications range from airport ground support to construction equipment. AxleTech specially designs axles so as to meet particular application demands. They have more than one thousand various axle specs in their present offering. With more than 100+ years of history and skill, AxleTech proudly supplies the most complete solution for whatever of your axle needs. The business is well known in several commercial and military applications. They offer complete axle assemblies used for aftermarket replacement requirements, together with servicing axle requirements for OE production. Their high mobility ISAS have further details which can be seen in the "ISAS" product selection.
